GAME PLAY

- At the start of each game, team captains shall meet at midfield for the official coin toss to determine who shall start with the ball. The visiting team shall call the coin toss.
- The winner of the coin toss has the choice of offense or defense. The loser of the coin toss has the choice of field direction.

- Interceptions are spotted where the player gets their flag pulled, unless it results in a defensive TD.
- Teams change directions after the first half. Possession changes to the team that started the game on defense.
- Onside kicks are allowed in the last 2 minutes of the game (SEE ONSIDE KICK SECTION).

PUNTS

- Prior to crossing mid field, teams can can punt or go for it on 4th down. No punting after midfield.

- If the offense successfully converts for a first down, the drive will continue.

ONSIDE KICKS

- Onside kicks are permitted in the final (2) minutes of the game, provided the team attempting it is trailing by 8 points or fewer.
- **Onside Kick Rules:**
 - After scoring a touchdown and attempting their PAT, a team may elect to attempt an onside kick. The offense will take possession at the opponent's 20-yard line and will have one play to score. This play is solely to determine possession - any score on this play does **NOT** count for points.
 - If the offense does **not** score, the opposing team will take possession at midfield.
 - If the offense **does** score, they will retain possession and start at their own 5-yard line, with an opportunity to drive the field to tie or win the game.

- Each team has two 30-second timeouts per half.
- Officials can stop the clock at their discretion.
- In the event of an injury, the clock will stop and then restart when the injured players is removed from the field of play.

OVERTIME

➤ NO OVERTIME IN THE REGULAR SEASON

➤ PLAYOFFS ONLY = If the score is tied at the end of 40 minutes, the game will move into overtime (OT).

OT format is as follows:

- Each team is allowed a minimum of one possession.
 - First possession choice goes to the winner of regulation coin toss.
- All regulation period rules and penalties are in effect.
- There are no time-outs.
- Change of Possession:
 - Each team will receive one play from the 10 yard line per OT period.
 - Interceptions are not returnable in OT play.
- Multiple OT Periods
 - Second OT Period and Beyond
- Teams will switch who starts the OT Period on offense. The team that started the previous OT period on defense will start the next OT Period on offense.
- OT will continue until there is a winner.

SCORING

- Touchdowns: 6 points
- PAT (Point After Touchdown)
 - 1 point (5-yard line)
 - Pass Only
 - 2 point (10-yard line)
 - Run or Pass
 - A team that scores a touchdown must declare whether it wishes to attempt a 1 point or 2 point conversion.
 - Any change, once a decision is made to try for the extra point requires a charged time out. Decision cannot be changed after a penalty.
 - Any offensive penalty during PAT will result in team forfeiting their PAT.
 - Interceptions on conversions CAN be returned for 2 points.
- Safety: 2 points
 - A safety occurs when the ball carrier is declared down in his/her own end zone. They can be called down when their flags are pulled by a defensive player, their flag falls out, they step out of bounds, or they hit the ground with their knee or arm.
 - Offensive penalty in the end zone will result in a safety.
 - Any bad snap or hike that lands on the ground in the end zone will be considered a safety.

COACHES

- Coaches are typically volunteer parents or family members helping the players learn and enjoy the game. Parents are encouraged to support the coach at all times.
- Coaches are allowed on the field to direct players according to need and division. The only divisions that allow a coach on the field are the PeeWee Division, GEMS Junior Division, Junior Division, GEMS Major Division and Major Division.
- All coaches are required to move at least 5 yards behind the deepest offensive player on offense and at least 10 yards behind the deepest defensive player while on defense. Coaches must move to the designated areas before the ball is snapped or a delay of game penalty will be enforced.
- Coaches **MUST** be on the SIDELINES for the GEMS Pro Division, Pro Division, GEMS Legend Division, and Legend Division.

LIVE BALL / DEAD BALL

- The ball is live at the snap of the ball and remains live until the official whistles the ball dead.
- The official will indicate the neutral zone and line of scrimmage. It is an automatic dead ball foul if any player on defense or offense enters the neutral zone. In regard to the neutral zone, the official may give both teams a “courtesy” neutral zone notification to allow their players to move back behind the line of scrimmage.
- A player who gains possession in the air is considered in bounds as long as ONE FOOT comes down in the field of play.
- The defense may not mimic the offensive team signals by trying to confuse the offensive players while the QB is calling out signals to start the play. This will result in an unsportsmanlike conduct penalty.
- Substitutions may be made on any dead ball.
- Any official can whistle the play dead.
- Play is ruled “dead” when:
 - The ball hits the ground
 - The ball carrier’s flag is pulled. Spotted where the player’s hips were when flag was pulled.
 - The ball carrier steps out of bounds
 - A touchdown, PAT, or safety is scored
 - The ball carrier’s knee or arm hits the ground
 - The ball carrier’s flag falls out
 - The receiver catches the ball while in possession of one or no flag(s)
 - Inadvertent whistle

Note: There are no fumbles. The ball is spotted where the ball carrier’s hips were at time of the fumble.

LIVE BALL / DEAD BALL CONTINUED

- In the case of an inadvertent whistle, the offense has two options:
 - Take the ball where it was when the whistle blew and the down is consumed.
 - Replay the down from the original line of scrimmage
- A team is allowed to use a timeout to question an official's rule interpretation. Officials should all agree upon any controversial call in order to give each team the full benefit of a call.

RUNNING

- The ball is spotted where the runner's hips are when the flag is pulled, not where the ball carrier has the ball. Forward progress will be measured by the player's hips.
- **The QB cannot directly run for yardage with the ball, UNLESS the QB is blitzed / rushed (GEMS Major Division, Major Division, GEMS Pro Division, Pro Division, GEMS Legend Division, Legend Division ONLY).**
- **The QB can run ONLY after the rusher gets PAST THE LINE OF SCRIMMAGE.**
- **The QB CANNOT run in a NO RUN zone EVEN if they are blitzed / rushed. NO RPO's or Double Passes in NO- ZONE situations!**
- **If the QB passes the LOS, they cannot go back and throw the ball.**
- Direct handoffs and pitches are permitted behind the line of scrimmage. Handoffs may be in the front, behind, or to the side of the offensive player, but must be behind the line of scrimmage. The offense may use multiple handoffs.
 - “Center Sneak” play- the ball must completely leave the center's hands on the snap and he/she must step backwards off the line of scrimmage in order to receive a direct handoff from the QB before advancing the ball.
- Absolutely NO laterals, pitches, or Hook and Ladders of any kind past the line of scrimmage.
- Once the ball has been handed off or pitched, all defensive players are eligible to rush.
- Runners may not leave their feet to advance the ball. Diving, leaping, or jumping to avoid a flag pull is considered flag guarding. Jump cuts - jumping / hopping TO THE SIDE is allowed.

RUNNING CONTINUED

- Spinning is allowed, but players may not leave their feet going forward to avoid a flag pull. Jumping in the air in a forward motion to advance the ball, while attempting to avoid a flag pull, is not allowed. Lateral moves to the left or right are permitted.
- No blocking or “screening” is allowed at any time.
- Offensive players must stop their motion once the ball has crossed the line of scrimmage. No running with the ball carrier.
- Flag Obstruction: All jerseys MUST be tucked in before play begins. The flags must be on the player’s hips and free from obstruction. The slack from the flag must be tucked in. Deliberately obstructed flags will be considered flag guarding.
- There will be no running plays in the No Run Zones. Only passes past the line of scrimmage are allowed.

PASSING

- Passes can be thrown forward or backward. Any pass with a forward trajectory cannot be thrown forward a second time. Passes with a backwards trajectory can be thrown again by the receiving player (double pass, trick play) as long as the initial throw is behind the line of scrimmage. Only one backwards pass per play is allowed.
- Shovel passes are allowed.
- All passes within the “No-Run” zone MUST BE COMPLETED PAST THE LINE OF SCRIMMAGE.
- A 7-second pass clock will be in effect from the moment the quarterback receives the snap and until he/she either passes the ball or hands the ball off to another player. The referee will call out the seconds on the pass clock. In the event that the pass clock runs out before the quarterback passes the ball, it will be considered an incomplete pass and the ball will be placed -5 yards back and the down will be consumed. The pass clock is in effect for all divisions.
- There is no “intentional grounding”, unless it’s in the end zone.

RECEIVING

- All players are eligible to receive passes (including the quarterback if the ball has been handed off behind the line of scrimmage).
- Only one player is allowed in motion at a time. All motion must be parallel to the line of scrimmage and no motion is permitted towards the line of scrimmage.
- Offensive Shifts are allowed as long as every player comes to a complete stop for 1 second before the ball is snapped.
- A player must have at least ONE FOOT inbounds when making a reception.
- In the case of simultaneous possession by both the offensive and defensive player, possession is awarded to the offense.

RUSHING THE PASSER

- All players who rush the passer must be a minimum of 8 yards from the line of scrimmage when the ball is snapped. Up to (2) players can rush the quarterback. Players not rushing the quarterback may defend on the line of scrimmage. Rusher MUST WAIT for the ball to be snapped before rushing in.
- **The Quarterback can scramble / run ONLY if they are rushed. They cannot run if the defense doesn't rush. QB MUST WAIT for rusher to get past the line of scrimmage before taking off.**
- Once the ball is handed off by the QB, the 8-yard rule no longer is in effect and all defenders may go behind the line of scrimmage.
- The referee will designate a "Rush Line" 8 yards from the line of scrimmage with a special marker.
 - A legal rush is:
 - Any rush from a point 8 yards from the defensive line of scrimmage.
 - A rush from anywhere on the field AFTER the ball has been handed off by the quarterback.
 - Player declares themselves by keeping one hand up above their head until the ball is snapped.
 - A penalty may be called if:
 - The rusher leaves the rush line before the ball is snapped and he or she crosses the line of scrimmage.
 - Any defensive player crosses the line of scrimmage before the ball is snapped (Offsides, 5 yard penalty)
 - Any defensive player not lined up at the rush line crosses the line of scrimmage before the ball is passed or handed off (Illegal Rush, 5 yard penalty).
- Rusher HAS TO DECLARE themselves as a rusher, and must commit to rushing once they take off. Rusher declares themselves by holding up one hand above their head until the ball is snapped.

RUSHING THE PASSER CONT.

- Special Circumstances

- Teams are not required to rush the quarterback.
- **There is NO rushing the passer in the PeeWee Division, GEMS Junior Division, and Junior Division.**

- Players rushing the quarterback may attempt to block a pass; however, NO contact can be made with the quarterback in any way. Blocking the pass or attempting to block a pass and then making contact with any part of the passer will result in a roughing the passer penalty.
- The offense cannot impede the rusher in any way. The rusher has the right to a clear path to the quarterback, regardless of where they line up prior to the snap. If the “path or line” is occupied by a moving offensive player, then it is the offense’s responsibility to avoid the rusher. Any contact will result in an impeding the rusher penalty. If the offensive player does not move after the snap, then it is the rusher’s responsibility to go around the offensive player and to avoid contact. Once the quarterback rolls out or scrambles, the straight line path is no longer in effect.
- A sack occurs if the quarterback’s flags are pulled behind the line of scrimmage. The ball is placed where the quarterback’s hips are when the flag is pulled.
 - A safety is awarded if the sack takes place in the offensive team’s end zone.
 - A safety is awarded if the QB intentionally grounds the ball in the end zone.

DEFENSE

- A legal flag pull takes place when the ball carrier is in full possession of the ball.
- Defenders can dive to pull flags, but cannot tackle, hold, or run through the ball carrier when pulling flags.
- It is illegal to attempt to strip or pull the ball from the ball carrier's possession at any time.
- If a player's flag inadvertently falls off during the play, the player is down immediately upon possession of the ball and the play ends.
- A defensive player may not intentionally pull the flags of a player who is not in possession of the ball.
- Flag guarding is an attempt by the ball carrier to obstruct the defender's access to the flags by stiff arming, dropping the head, hand, arm, or shoulder, or intentionally cover the flags with the football or jersey.
- Interceptions change the possession of the ball at the point of the end of the interception.
- Interceptions are returnable for a TD or positive yardage
- **Interceptions during 1 or 2 point conversions are returnable. 2 points will be awarded if INT is to opposite end zone.**

FORMATIONS

- Offense must have a minimum of one player on the line of scrimmage (the center) and up to four players on the line of scrimmage. The quarterback must be off the line of scrimmage.
 - One player at a time may go in motion parallel to the line of scrimmage.
 - No motion is allowed towards the line of scrimmage.
- Offensive players must come to a complete stop for one second before the ball is snapped unless he/she is the only player in motion.
- Movement by a player who is set or a player who runs towards the line of scrimmage while in motion is considered a false start.
- The center must snap the ball with a rapid continuous motion between his/her legs to a player in the backfield, and the ball must completely leave his/her hands.

UNSPORTSMANLIKE CONDUCT

- If the field monitor or referee witnesses any acts of intentional tackling, elbowing, cheap shots, blocking, or any unsportsmanlike act, the game will be stopped and the player will be ejected from the game. The decision is made at the referee's discretion. No appeals will be considered. FOUL PLAY WILL NOT BE TOLERATED!
- Offensive or confrontational language is illegal. Officials have the right to determine offensive language. If offensive or confrontational language occurs, the referee will give one warning. If it continues, the players will be ejected from the game.
- Players may not physically or verbally abuse any opponent, coach, or official.
- Ball carriers MUST make an effort to avoid defenders with an established position.
- Defenders are not allowed to run through the ball carrier when pulling flags.
- Fans must also adhere to good sportsmanship as well:
 - Any coach or fan that uses verbally abusive or confrontational behavior will be given one warning. If it happens again, it will be an automatic ejection from the venue and a 15-yard penalty will be enforced against their team.
 - If any coach or fan physically abuses any one, at any time, they will automatically be ejected from the venue, banned from the league, and a police report will be filed. A 15-yard penalty will be enforced against their team.
 - All fans are to sit in the designated area set aside by the league to watch the game.

PENALTIES

- The referee will call all penalties.
- Referees determine incidental contact that may result from normal run of play.
